

Product Branch - SAST

The Product Branch of SAST aims to combine **innovation, technology, and market strategy** to build products and solutions that have real-world impact and potential for revenue generation in the space-tech domain.

As part of the recruitment and ideation process, members are required to **submit a Product Requirement Document (PRD)** for a **product idea under SAST** that can create **value and revenue** for the club or university ecosystem.

Assignment Overview

Task: Create and submit a **Product Requirement Document (PRD)** for a product, platform, or service idea that aligns with SAST's mission.

Your idea should reflect innovation, technical feasibility, and business viability.

PRD Format (Mandatory Sections)

Each submission must include the following sections:

1. Product Overview

- What is your product or service?
- One-line pitch (e.g., "The Duolingo for Space Education").
- Brief summary (100–150 words).

2. Problem Statement

- What problem are you solving?
- Why does it matter (for users, students, or SAST)?

3. Target Audience

- Who are your potential users or customers?
- What are their key needs and pain points?

4. Proposed Solution

- How does your product solve the problem?
- Key features and functionalities.

5. Product Design / User Flow

- Sketch, flowchart, or simple mockup showing how users will interact.

6. Business Model / Revenue Strategy

- How can this product generate income for SAST?
- Possible models: subscriptions, merchandise, workshops, premium content, sponsorships, etc.

7. Technical Feasibility

- Tools, platforms, or technologies needed to build it.
- Any dependencies or constraints.

8. Success Metrics

- KPIs you'll use to measure the success (e.g., user signups, revenue, engagement).

9. Timeline & Milestones

- Phases of development (Prototype → MVP → Launch).
- Estimated duration for each phase.

Evaluation Criteria

Criteria	Weightage
Creativity & Innovation	25%
Problem Understanding	15%
Product Feasibility	20%
Revenue Potential	20%
Clarity & Presentation	10%
SAST Alignment	10%

Outcome & Opportunities

Top PRDs will :

- Be considered for **incubation and development** under the Product Branch in collaboration with E-cell, Rishihood University.
- Earn a spot as **Product Manager or Product Analyst** within the SAST Product Team. Get mentorship on **idea validation, prototyping, and business modeling**.
- Get a chance to work with the Product and Consulting Club of Rishihood, ArthaKram
- Get direct Mentorship from Product Design Seniors and faculties.
